

AVOID The INTERNAL WRONGS of ALUM

Alum
in food causes
stomach disorders—Its con-
tinued use means permanent
injury to health.

Following the advice of medical
scientists, England and France have
passed laws prohibiting its use
in bread making.

American housewives
should protect their house-
holds against Alum's wrongs
by always buying pure Grape
Cream of Tartar Baking
Powder.

The Fraternal Order of Eagles
met with a large attendance in
the lodge rooms last night. Aside
from considering the general rou-
tine business, arrangements were
made for the annual memorial ser-
vice to be held on Sunday, May
12.

At the regular meeting of the
Home Guards held last night rou-
tine business was transacted and
a short social session enjoyed. Initia-
tory work will be taken up at the
next meeting and the membership
degree will be given to a large
class of candidates.

The Knights of the Macabees have
changed the time for their regular
meetings from Wednesday nights to
the first and third Tuesdays of each
month.

In honor of the twenty-third an-
niversary of his birth, William
Stark was pleasantly surprised at
his home on South State street last
night by about 40 friends, all
members of Marion Lodge, No.
402, Knights of Pythias, or former
members of the Tally Ho club.

The evening was passed with
cards and music, and an excellent
Dutch lunch was served. In a
series of seven-up contests, John
Cleveland won first honors and was
given a pretty stein. The consol-
ation prize (an old fashioned Ger-
man pipe, was given to Ralph Chen-
ey.

The company presented Mr. Stark
with a fine chain and charm.

The Ladies' Aid Society of the
United Brethren church met at
the home of Mrs. G. Felly on Or-
chard street yesterday afternoon.
The attendance was exceptionally
large. After transacting the regu-
lar monthly business, arrangements
were made for holding a baking
sale on the first and third Satur-
days of each month at the Muerkle
meat market. The society also ar-
ranged to have Mrs. Shumaker, a
retired missionary from China, talk
to a ladies' meeting Sunday after-
noon.

At the conclusion of the business,
light refreshments were served and
a social session enjoyed.

Dr. John Osborne, of Rushsylvania,
formerly a popular young resident of
Prospect, was united in marriage to
Miss Hazel Barber, at the home of
the bride's parents in Rushsylvania
at 6 o'clock Tuesday evening. The
ceremony was performed by Rev.
Backler, pastor of the Christian
church, in the presence of a number
of friends and relatives of young
couple. The groom is the son of
Mr. and Mrs. James P. Osborne, of
Prospect, and one of the leading den-
tists in Rushsylvania.

Mr. Edison A. Schultz of
Lorain and Mrs. Jennie Conklin
of DeCliff were quietly married at
the Methodist church parsonage on
North Oak street by Rev. D. H.
Bailey at 6 o'clock Wednesday
night. The couple were unaccom-
panied.

They left immediately after the
ceremony for Lorain where they
will make their future home.

Miss Mary Burdett, a popular
young lady of Montgomery Town-
ship and Mr. John T. Parker of
LaRue were quietly united in mar-
riage at the Baptist church par-
sonage in LaRue at 8:30 o'clock
Wednesday night. The ceremony
was performed by Rev. Mr. Long
in the presence of but a few wit-
nessing friends. The young mar-
ried people will reside on the
groom's farm west of LaRue.

Mrs. Charles Leffler of North
State street was hostess to the
members of the Fortnightly club

work was the principal diversion
of the occasion. An elegant three
course luncheon was served by the
hostess.

The next meeting will be held
at the home of Mr. Walter Oberlin
of East Church street.

Mr. Griffith Roberts, of Seattle,
Washington, and Miss Alice Jones,
of south of Prospect, were quietly
united in marriage at the Congrega-

at the country place of the bride's
father, three miles south of Pros-

WITCHES STILL BELIEVED IN.

Superstition is Strong in Many Parts
of England.

Neglected by the powers, witches
ceased to be so notorious, but the be-
lief continued to exist, and does exist
now, in rural parts of Scotland and
England; and in England and France,
even in the towns, fortune-tellers,
whether they charge a guinea or a
shilling for their advice, are witches
under the terms of the old statutes,
and flourish abundantly, but as they
are not burned they are supposed by
superficial observers to have been ex-
terminated by school boards and
electric lighting. The blacker sort of
witch who "overlooks" and casts spells
on man and beast may be found in
many rural regions north and south.
One of them was brought before a
squire and J. P. of my acquaintance as
a dangerous nuisance. He said to her,
solemnly: "You know, Betty, the
Bible says 'Thou shalt not suffer a
witch to live in the parish,' and she
migrated, under certain conditions of
compensation, to another parish.—An-
drew Lang in the London Post.

HUGHS & CLEARY

TO INTRODUCE FIREWORKS

If Councilman Wilson Con-
tinues to Balk.

RESIDENTS ARE PEOPLE

That Suffer as Result of
Personal Fight.

City Solicitor May be Called Upon
to Settle the Trouble if Ordinances
are Not Produced.

Councilman J. G. Selter is just a
little bit mystified over Councilman
J. V. Wilson's action at the meet-
ing, last Monday night, in holding up
the ordinances to proceed with the
paving of Cherry street, Grand ave-
nue and the Boulevard.

The doctor says that no one has
raised any objections to the paving
of these streets, and that everything
was ready for the ordinances to be
introduced. The action of Mr. Wil-
son was a surprise to the entire coun-
cil. It was not until after his or-
dinance to proceed with South Pros-
pect street was knocked out that he
refused to introduce the other ordi-
nances.

No statements in regard to the mat-
ter are being made by Dr. Selter at
present, but he says that he expects
the ordinances to be introduced at
the next meeting of council. If they
are not produced, the council may
expect some fireworks from Dr. Sel-
ter.

Grand Avenue is the street on
which Dr. Selter lives, and it is be-
lieved by a number of city officials
that Mr. Wilson may hold up the
paving of that thoroughfare in order
to get back the doctor for opposing
the South Prospect street improve-
ment.

If this personal feeling among the
councilmen continues to manifest
itself, it will be up to City Solicitor
Donithen to step in and try to effect
a settlement. It is stated that he
will not be a bit backward in making
the city solons stop their scuffling.
Such tactics are anything but ben-
eficial to the city's interests, and
no council can serve the people well
when the members are continually at
logger-heads, the more peace-loving
officials say.

Eruption of Stromboli is Terrific.

Messina, Sicily, May 1.—Inhabi-
tants of the island of Stromboli who
fled from there and reached this city
describe the eruption of the Stromboli
volcano as terrific. The detonations
were deafening. Red, burning stones,
ashes and cinders were thrown up,
and about a thousand feet over the
top of the volcano, which is 3,040 feet
above the level of the sea, an im-
mense, dark umbrella-shaped cloud
formed. The eruption has entirely de-
stroyed everything within a radius of
1,500 feet of the crater.

Bids for Submarine Boats.

Washington, May 1.—Three com-
panies bid Tuesday at the navy de-
partment for the contracts for supply-
ing as many submarine torpedo boats as
could be built for \$3,000,000 appropri-
ated for the purpose by the last con-
gress. So different were the bids in
the matter of size of boats, speed
afloat and submerged, radius of action
above and below water, and other es-
sentials that it will require long con-
sideration by the navy department's
experts to determine which of the
bids is in fact the lowest and best.
